INDIANA.

Crawfordsville Sees Evidence That the City Will Soon Have Natural Gas.

Special to the Indianaports Journal. CRAWFORDSVILLE, Sept. 2. - The prospects for this city securing natural gas are better now than ever before. A meeting of the People's Natural-gas Company iwas held last evening, and the organization completed. It is proposed to pipe natural gas from the Sheridan gas-fields, via Thorntown, a distance of thirty miles, and to have it piped here by Nov. 1. Work is to commence next week. At the meeting last evening Col. I. C. Elston presided, and it was announced that this company was the same that had a scheme last year to pipe natural gas to this city via Lebanon. The capital stock is \$300,000, divided into 3,000 shares of \$100 each, half of these being held by Eastern parties. The seven directors are: A. F. Ramsey, Gen. M. D. Manson and W. P. Dilkes, of Indianapolis, and H. Churchman, F. L. Potts and W. Webb, of Philadelphia. There were 471 shares voted last evening. The by-laws can be amended or changed by the directors as they see proper. The annual meetings will be held on the first Tuesday evening of Sectember each year, and the officers will be a president, vice-president, secretary, treasurer, assistant treasurer and general manager. The directors can also meet on the first Tuesday evenings of each month, and two of the directors are to look after the personal property of the company. The principal office will be located in this city. The Chester Pipe and Tube Company took \$150,000 of the stock, and \$75,000 in bonds will be issued at once and placed upon th market. The directors have been busy today discussing the size of pipes to be used the plan of piping the city and other items of interest connected with the company.

Historic Flag in a Second-Hand Store. Special to the Indianapolis Journal.

MUNCIE. Sept. 2.-There is an historic flag in a second-hand store in this city. It is the flag of the Second Kansas Infantry that was carried through the rebellion and is now in the store of Martin J. Mock. It is the flag in which the body of General Lyon was wrapped, after his death, at the battle of Wilson's Creek. The flag is well preserved, and is in honorable association with many interesting relics in the store. The flag can probably be secured by the officers of the regiment or authorities of the State who desire to recover it. Mr. Mock came into possession of the flag through Mr. P. A. B. Kennedy. It was the property of Mr. Evender Kennedy, who was one time engrossing clerk in the Kan-sas Legislature and got the historic article through one of the State officers. Later Mr. Kennedy came to Muncie, and, owing to an unfortunate affliction, his property was administered upon by his brother, and in removing it the flag was given to Mr. Mock on condition that he would be its custodian.

New Swindling Scheme. Special to the Indianapolis Journal.

MUNCIE, Sept. 2.- The plans of a new swindling scheme have just been disclosed by a Delaware county farmer, who gives the information that others may be on their guard. The system of operation is as follows: Two men go into a town and find some responsible man. They approach him, and if he is the man they want they set up a machine for him for nothing-give it to him-and he agrees to furnish woven picket fence at so much per rod to their agents over the county. He also gets out hand-bills at their expense, and states on same that he will keep this fence on hand at so much per Then they get in their work; they have five or six smart young men out over the county selling townships for anything they can get, generally from \$75 to \$125 taking the gentleman's notes for same, and show them how they can get rich in a short time. They get the notes and dispose of them to an innocent party and they have to be paid. It is a smooth, plausible scheme and easily worked.

Saloon-Keeper Invokes the Law. Special to the Indianapolis Journal.

CRAWFORDSVILLE, Sept. 2 .- Jacob Freed a saloon-keeper at New Market, has entered two suits against two citizens of that place for \$500 each and all other proper relief. In his complaints he avers that Emmone Busenbark and S. N. Warbritton "willfully, maliciously, and without just 'cause" had the plaintiff arrested for selling liquor to Lee Day, whom they supposed to be a minor. When the trial was held it was discovered that Day was not a minor, and it was also shown that Warbritton gave Day the money to buy beer for the purpose of getting Freed arrested. Freed being cleared of this charge now says that as he lost a week's time and has suffered great mental anguish he proposes to give his persecutors a taste of the law.

Defrauded by a Bogus Agent.

Special to the Indianapolis Journal. Kokomo, Sept. 2 .- A week ago a stranger ziving his name as David Black came to this city representing himself as the agent of the Knight Templar and Masonic insurance companies of Chicago. He carried the documents of the companies, being a man of fine address, did a thriving business among prominent members of the orders. Constable and Brother Shot. ECKERTY, Sept. 2.-Doolittle Mills, ten miles south of here, was the scene of a shooting affray, in which Constable John Snyder received a bullet in his abdomen, while his brother Saul was shot through the lungs. The last named will recover. The constable, however, is fatally wounded, the bullet entering near the navel, passing through the intestines and lodging near the spine. The shooting was done by Henry Enbow while the constable was attempting the arrest of William Enbow, his brother, upon the charge of watermelon-stealing.

Special to the Indianapolis Journal. MARTINSVILLE, Sept. 2 .- The second annual meeting of the old settlers of Morgan county was held in this city to-day, and proved a success. The attendance was very much larger than the most sanguine had anticipated. James H. Culver, born in Virginia, March 4, 1789, was the oldest person present. He was closely pressed for first place by Mrs. Polly Miller, born Dec. 25, 1790. William and Delilah Parker, of Clay township, were the oldest married couple present. They were both born in November, 1800, and have been married sixty-eight years. There were more than fifty persons present that were over seventyfive years of age.

Doctor Charged with Murder. TERRE HAUTE, Sept. 2.-Dr. John M. Talbott, of Middletown, Vigo county, has been arrested charged with the murder of Rhoda Starkey, a seamstress to whom the doctor says he was engaged to be married. Last Thursday night she died and Dr. Talbott attended her in her last sickness. He filled out the death certificate stating that she died of congestion of the stomach, and next day she was interred. Sensational rumors from persons in the same building with the girl led to an exhumation, and it was found that the unfortunate victim had been in an interesting condition, and that she was a victim of malpractice. The police say the evidence of his guilt is conclusive.

GREENSBURG, Sept. 2.—An action was begun to-day by John M. Craig, a school director in this township, against James Caskey, trustee, and Catharine Hamilton, teacher in district No. 7, to annul the contract for the school year beginning next week. Notwithstanding the known personal unpopularity of the teacher, she has been re-employed; hence this suit, which will prove highly sensa-

Child Disembowled,

Special to the Indianapolis Journal. MITCHELL, Sept. 2 .- The little daughter of Grant Ray, a leading business man of this place, met with a sad and perhaps fatal accident, to-day, while engaged in play with a neighbor's child. The children obtained possession of a large butcherknife, and, running around the house in opposite directions collided at the corner.
The knife penetrated the abdominal cavity, causing a frightful protrusion of the bowels, and making an incision necessary in order to replace them. The child's condition is very dangerous.

Seriously Injured by a Runaway.

Special to the Indianapolis Journal. GREENCASTLE, Sept. 2.-Mr. A. W. Tolin, of this vicinity, met with a painful accident, yesterday, while driving home in a buggy. His horse took fright near the north depot and ran away, throwing him out and inflicting injuries from which it is thought he will never fully recover. The most serious is a fracture of the elbow; he was also cut across the forehead and hand. This and similar occurrences in that locality emphasize the need of the proposed tunnel as a substitute for the present railway crossing.

ANOTHER TRAIN "HELD UP."

Six Men Go Through a Mail and Express Car. but Secure Very Little Money.

SAN ANTONIO, Tex., Sept. 2.-Six men stopped train No. 20, on the Southern Pacific railroad, at 3:25 o'clock, and held it until 5:25 this morning, twenty miles west of Langtry and one mile east of a sidetrack called Samuels, which is about twelve miles from the Rio Grande. The train left this city yesterday afternoon for money in the express car, which was a very small sum, as there is never large amount carried west. They also took one registered package, two empty mail-bags and the mail, which was made up for the Dryden postoffice. After they had gotten what they could from the mailcar and express car, they returned the money which they had taken from the mail clerk and express messenger and left the train. The railroad company has of fered \$250 reward for the capture of each man. The express company will offer a reward of about \$1,000 for each one captured. and besides this the government offers a standing reward of about \$500 for every train-robber, making the amount offered for each robber about \$1,750. A posse under Roy Bean, of Langtry, and under Sheriff Keifer, of Del Rio, and Captain Jones with his rangers, have been sent on a special train to the spot. Six men stopped the train, and all were

armed with Winchesters. A great deal of firing was indulged in by the robbers, and the baggage and mail cars were well filled with bullet-holes. A small quantity of dynamite is said to have been used to blow open the express-car doors, as the agent refused to open it. No one was hurt in the explosion. The express messenger was J. Smith, of the Wells-Fargo service, who obtained national fame by killing two train-robbers near El Paso a couple of years ago. This time he was outnumbered, and, though he stood off the marauders as long as he possibly could, was finally

A band of robbers attempted to hold up this train at Tabor, only a few miles from the scene of last night's attack, several weeks ago, by cutting the telegraph-wires and shooting into the station-operator's office, but, from some cause, decided to abandon their plan and disappeared. Extra precaution has been exercised by the trains of the Southern Pacific company since then, and last night's robbery is a surprise.

Pacers Hal Pointer and Yolo Maid Defeated by Johnston-The Two Former in Bad Condition-Latonia and Other Events.

CHICAGO, Sept. 2 .- Kingston won at Garfield Park to-day. Fifteen thousand people saw probably the most consistent racer in America retrieve his lost laurels by easily defeating his former conqueror, fleet Marion C. The race was for a special purse of \$5,000. It was generally conceded by those who saw the great son of Spendthritt gallop away from Van Buren on Monday last that, barring accident, he would prove the winner of to-day's contest, and the real battle was looked for between Marion C. and Virge d'Or for place honors. The black colt ran a game race for a mile, but Marion C., under a liberal dose of whip and spur, drew away near the finish and secured the verdict by a length and a half. The day was a perfect one for racing, and the track was tast and smooth. There was but little excitement until the special race was called, when a general rush was made for the betting ring. The odds and Jockeys were: Virge d'Or (122, Griffin), 5 to 1; Kingston (122, Hamilton), 1 to 3; Marion C. (119, Fitzpatrick), 4 to 1. The place betting was: Marion C., 4 to 5; Virge d'Or, 9 to 10. Virge d'Or was the first out and was en thusiastically cheered. Next came Marion

C. Fitzpatrick's face was wreathed in smiles as a shout went up that nearly lifted the roof off the grand-stand. Kingston cantered down the track direct from his stable. He also was warmly welcomed, but it was evident the big crowd was in sympathy with the Western cracks. There was no delay at the start. Kingston was a neck before Marion C., with Virge d'Or a neck behind. Passing the stand Virge d'Or jumped forward, and, making the first turn, was two lengths before Kingston, who was a length in tront of Marion C. These positions were unchanged for half a mile, but began to move up rapidly. race at his mercy, and Hamilton took a gentle pull on Mike Dwyer's horse. The other races resulted as follows:

PHILADELPHIA, Pa., Sept. 2 .- The defeat

of the great pacer, Hal Pointer, was the feature of the second day of the Grand Circuit trotting meeting of the Philadelphia Driving Park Association. The weather was perfect, the attendance about 3,500 and the track fast. Hal Pointer caught Johnston just at the wire in the first heat after the latter had led to the half in 1:0412, and to the three-quarters in 1:38. It looked like a dead heat, but the judges gavelit to Hal Pointer in 2:12. Yolo Maid cut out the work in the second heat but she tired in the stretch and Hal Pointer beat her easily in 2:1542. Yolo Maid gave it up early in the third heat and Johnston was first to the half in 1:064. Hal Pointer then came fast until half way down the stretch, when he slowed up and seemed to be in distress. Johnston took the heat in 2:1512, and Hal Pointer came in bleeding at the nose. Yolo Maid was also in distress, and she was found to be too sick to again start, and was withdrawn from the race. Hal Pointer was also sick in the fourth heat and Johnston won easily. Hal Pointer was then withdrawn, and Johnston jogged over the track in the fifth heat and took the race. The judges then declared off all pools on the event, and the protestations of those who played their money on Johnston were loud and long continued. The judges did not contend that there had been foul play, but said that the horses were certainly sick when the races started, and, in view of Hal Pointer's recent great performances on other tracks, the innocent betters were placed at a disadvantage to

the benefit of those who knew of the great pacer's ailment. The unfinished 2:23 race of yesterday was won by N. T. H., the favorite, and the 2:25 race was also won by the favorite, Katie L. Only one heat was trotted in the 2:26 class race. It will be finished to-morrow. Following are the summaries: The 2:23 class; purse, \$1,000:
